

SECRET OF MIRACLE II SOAPS

Miracle II is composed mainly of oxygenated water combined with the minerals potassium, calcium and magnesium. This combination of elements creates a very small ion. Small ions slip easily through a person's pores and between the atoms of the body. This opens and cleanses the pores, lubricates the muscles, washes toxins out of the body, and in general purifies the body like no other product does.

Miracle II liquid and gel penetrates and lubricates muscles to help break up muscle knots, build muscle size, strength and wash out toxins.

What are the ingredients of Miracle II Soap? (What's on the label?) Because the FDA does not regulate the contents of soap, the inventor of Miracle II Products, Clayton Tedeton, has decided not to reveal the exact formula, and therefore the exact answer to that question is between him and God. What we do know is from the label on the Miracle II Soap bottle, which reads thus: "The most complex mixture of natural minerals and organics that has ever been blended together. Miracle II is a spiritually revealed, formulated product. Contains: Prayer - Electrically engineered electroplastic energized stabilized oxygenated water - Ash of Decedyl solution - Dehydrabiethylamine - Calcium - Potassium - Magnesium - Foaming agent - Cold pressed Avocado - Almond - Olive & Coconut Oils - Vitamin E -."

WHAT CAN MIRACLE II SOAPS BE USED FOR?

1. Personal Hygiene: Soap can be used externally and internally to deal with a wide range of concerns. **2. Plants and Pets:** Try it on your pets and houseplants, to detoxify them. **3. Cleaning:** Miracle II Soap has been used for just about every residential, commercial or industrial application nameable, from glass cleaners to ridding new carpets of their odor, with superior results in every application. Most of us, in the past, have underestimated its utility. **4. Residential:** Everything that needs cleaning and deodorizing inside and outside. Natural control for germs and insects. 1-6 ounces per gallon of water. **5. Recreation:** For you that have motor homes, travel trailer or tents. You will declare Miracle II products will take care of everything from cleaning your body to your holding tank. **6. Chemical Exposure:** The Soap is especially effective for eliminating the toxicity from people's bodies that are exposed to pesticides and herbicides.

HOW TO CLEAN INSIDE AND OUT WITH MIRACLE II

Miracle II can be used at various strengths. It can be diluted according to results desired. For example windows can be cleaned with only few drops of Miracle II in a liter of water. The Miracle II bath water can be used on ant beds to drown the ants. The soap penetrates the skeletal shell of insects and drowns them. The penetrating cleansing of Miracle II cleans the deepest tissues. The Neutralizer is a sudless, tasteless water that is used as an internal cleanser. Start with 7 drops of the Neutralizer and increase as desired.

Bath Soak. One tablespoon of Miracle Soap and one tablespoon neutralizer in running bath will make a bubble bath. Bath should be hot. Soak at least 30 minutes. After 15 minutes the skin pores will open and then the toxins will come through skin pores. The chemistry of Miracle II Soap draws the toxins out through the skin pores. (Bath Test: Leave used bath water in tub over night. In morning let water out and see what has settled at the bottom of the tub. Do bath test if you have soaked at least 30 minutes or more).

In laboratory testing Miracle II has neutralized snake venom, anthrax, and even radiation. Miracle II soap is a natural, safe, toxic free cleansing soap that removes the toxins that interfere with healing.

Neutralizer Gel. This is a concentrate of the liquid neutralizer in gel form. It is four times the concentration and it can be rubbed onto the skin. It can be applied to any area and used for massaging also. Many use it to soothe as one would use aloe vera, but the gel is said to be much better than aloe.

Skin Moisturizer: This moisturizer is toxic free and the oils are pure and clean. The neutralizer is added to the lotion. The penetrating power of the lotion with the neutralizer soothes the skin and makes the skin very soft.
